## ARE READY FOR PASSAGE OF THE MAN POWER BILL

Machinery for Registration  
of Additional 13,000,000  
Men Has Started.

AVAILABLE LIST WILL BE  
EXHAUSTED ABOUT OCT. 1

Consideration of the New  
Draft Bill Will Begin  
Monday.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 16.—Machinery for the registration of the 13,000,000 additional men estimated as coming under the provisions of the new man power bill with the extension of draft ages to include men between 18 and 45 years already has been set in motion. Provost Marshal General Crowder, who will have charge of the registration of the new men, in a statement published today said that preliminary instructions have been issued all draft officials and upon the passage of the bill by congress everything will be in readiness for registration.

Registration of the men affected by the draft extension will have to be held not later than Sept. 15 and if possible on September 5, said General Crowder, because the available list of registrants including those to be registered August 24, will be exhausted by October 1.

Senate leaders today believed it would be possible to begin consideration of the man power bill reported yesterday by the military committee, next Thursday.

Consideration of the man power bill by the house military committee will begin Monday. Chairman Dent of the committee has announced many members of the committee including Representative Kahn of California, ranking republican member, believe that only one day should be devoted to hearings and the bill reported back to the house Tuesday.

## FLYING CIRCUS EXHIBITION AT COLUMBUS TODAY

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Aug. 16.—Thousands of persons who went to the Ohio State University campus this morning to witness stunt flying by British and American aviators were disappointed as the complete squadron of ten machines did not arrive from Dayton until 10:30 o'clock. The program, because of the lateness of the hour was postponed until 4:30 this afternoon when the "flying circus" will perform over the state house. The trip from Dayton was made without mishap. The squadron was in command of Major Claude K. Rhinhardt, Brigadier General Charles F. Lee was the last to arrive. He and the others of the British mission will speak in Memorial hall tonight.

## RIOTING OVER THE HIGH COST OF RICE

(ASSOCIATED PRESS TELEGRAM)  
Tokio, Monday, August 12.—Ten policemen have been wounded seriously and many rioters injured in a riot at Nagoya over the high cost of rice. Fifty persons have been arrested at Nagoya and 390 men and women at Osaka. Industrial disturbances elsewhere have occurred. The police have succeeded in prohibiting meetings in Tokyo. The price of rice has doubled twice in the past year due largely to a corner in the market.

## COMPLETE ORGANIZATION AMERICAN WAR MOTHERS

(ASSOCIATED PRESS TELEGRAM)  
Indianapolis, August 15.—Steps to complete the organization of a national body to be known as the American war mothers were under way here today at a meeting of war mothers of Indiana, to which representatives of other states have been invited. Articles of incorporation of the new association were filed with the secretary of state late yesterday. Only mothers of men or women in war service are eligible to membership. There has been a large association of war mothers in this state for several months. It is the plan to elect national officers before the present meeting ends.

## FIND ENEMY MINES

(ASSOCIATED PRESS TELEGRAM)  
Sydney, N. S. W. Aug. 15.—The finding of additional enemy mines along the Australian coast is announced.

Two enemy mines were reported destroyed off North Cape, the northern extremity of New Zealand, on July 13, last. The supposition is that these and others were laid by a German commerce raider.

## THIS "BETSY ROSS" MAKES FLAG ALSO

Mrs. Nancy Conwell Thompson and flag she made.

At the service flag parade held recently in Indianapolis, Ind., Mrs. Nancy Conwell Thompson carried a flag which was an exact replica of the flag Betsy Ross made and handed to Gen. Washington in the revolutionary days. Mrs. Thompson is a direct descendant of the famous Betsy Ross of history and she made the flag, which she carried, herself. Who says history does not repeat itself?

## GERMAN LOSSES SINCE THE WAR NAMED AT 6,000,000

Paris, Aug. 16.—The total of German losses from the beginning of the war to the end of July, 1918, are understood to be 6,000,000, according to the morning newspapers. The figures include 1,400,000 killed up to the beginning of the German offensive last March. From March 27 to June 17 the Germans are said to have lost 120,000 killed alone.

## HEAD OF FRENCH MISSION DIES AT A PACIFIC PORT

(ASSOCIATED PRESS TELEGRAM)  
A Pacific Port, Aug. 16.—Albert Metin, head of the French Economic Mission now in the United States, former minister of labor in France and minister of blockade died here at midnight last night from a stroke of apoplexy.

General Pau or other members of the mission made no statement other than that the body would be returned to France at once for burial. M. Metin, who was 49 years old is survived by a widow and two small children, now in France.

## ENROUTE TO AUSTRIA.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 16.—The French mission headed by Albert Metin who died of apoplexy soon after arriving at a Pacific port last night, is en route to Australia to discuss war time questions with officials there at the special invitation of the Australian government. The visitors passed through Washington recently and during the long journey across the continent stopped at several middle western and western cities.

## CONGRESSMEN ON INSPECTION TOUR VISIT AMERICANS

(ASSOCIATED PRESS TELEGRAM)  
With the American Army in France, Thursday, Aug. 15.—The members of the committee on naval affairs of the house at representatives who have been on a tour of inspection in England and France, were the guests of General Pershing at lunch today. Afterward they were received by the commander-in-chief at his headquarters.

The congressmen arrived at noon and departed late in the afternoon for Chateau-Thierry to visit the American troops in that region. They will start for home Friday night.

## FIRE AT ROCKY RIVER.

Cleveland, Aug. 16.—Fire in the Cleveland yacht club buildings at Rocky River this morning practically destroyed the entire group of buildings. The club recently erected a new dance pavilion and remodeled the large main building. The loss is estimated at \$75,000.

## DON COSSACKS VICTORIOUS IN RECENT BATTLE

Clear Left Bank of the Don  
of Opponents—March  
On Zaragin.

NEGOTIATING TO ESTABLISH  
JOINT CENTRAL GOVERNMENT

Germany Complains of  
England's Recognition  
of Czech-Slovaks

(ASSOCIATED PRESS TELEGRAM)  
Amsterdam, Aug. 16.—The Don Cossacks have cleared the left bank of the Don of their opponents and are marching victoriously on Zaragin, from which they are only one day's march distant, says an official statement issued by the Don Cossacks staff and received here from Kiev.

The newspapers at Kiev report that the Cossacks from the northern Don region have entered the government of Veronesh. A dispatch to the Cologne Zeitung from Kiev, says the Don and Kuban government and the leaders in the adjoining regions have entered negotiations looking to the establishment of a joint central government. German newspaper comment bitterly upon the manifesto issued by Great Britain in recognition of the Czech-Slovak nation. It is the acme of hypocrisy when England gives these notorious traitors a testimonial that they are waging legitimate warfare, the Cologne Gazette says. Sixty propagandists belonging to labor organizations supporting the Bolshevik regime have left Moscow for the front where the Bolsheviks are fighting the Czech-Slovaks, according to a Moscow telegram by way of Berlin. The object of the propagandists is to stimulate the military spirit of the Soviet troops in their campaign.

## SUCCESS WAS ANTICIPATED.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 16.—News of the success of the Don Cossacks on the river Don, coming through Amsterdam today was anticipated here, as the Germans have been unable to present a force in that section of (Continued on Page 2, Col. 4.)

## CURTAILMENT OF THE NON-WAR PRODUCTION

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 16.—Shortage of skilled labor in war industries is being considerably relieved by restrictions upon non-war production, the department of labor today announced. Curtailment of automobile production alone has released many mechanics and other workers. There is still a serious shortage in many war industrial centers, however, the department says, which can be relieved only by further transfer of labor from non-war industries.

## CALL ISSUED FOR LIMITED SERVICE

(ASSOCIATED PRESS TELEGRAM)  
Columbus, Aug. 16.—The first for limited service men with a promise of overseas duty, was received by Major Peeler of state draft headquarters today. It is for 25 draughtsmen to go to Madison barracks, Sackett Harbor, N. Y., on August 29. They will be attached to the overseas photographic section. A call for 15 limited service men to serve as stenographers at Wright aviation field, Dayton, to go on August 26, also was received.

## WILLIS' PLURALITY HAS REACHED 44,343

(ASSOCIATED PRESS TELEGRAM)  
Columbus, August 16.—The nomination of James E. Robinson of Mansville, along with Judge R. M. Wanamaker as republican candidates for judge of the supreme court at last Thursday's primary election seems assured today with returns from 57 counties tabulated by the secretary of state. Robinson now is leading R. R. Kinkadee of Toledo by more than 1200. Statisticians Johnson of the secretary's office says Robinson's nomination is assured.

Former Governor Willis' plurality over Edwin Jones of Jackson for the republican nomination for governor has mounted to 44,343 in sixty-two counties.

It cost Abram W. Agler of Canton \$42.95 to conduct a losing fight for the republican nomination for lieutenant governor according to his expense statement filed today. He was the closest competitor of Clarence J. Brown of West Union who received the nomination.

## KILLED IN ACTION

(ASSOCIATED PRESS TELEGRAM)  
Ottawa, Ont., Aug. 16.—The name of the following American appears on today's overseas casualty list: Killed in action: T. Wallace, Akron, Ohio.

# Strategic City of Roye is Slowly Being Encircled By the Allied Fighters

## AMERICAN AIRMEN SUCCESSFULLY BOMB GERMAN VILLAGES

(ASSOCIATED PRESS TELEGRAM)  
With the American Army in France, Thursday, Aug. 15.—American aviators successfully bombed the railroad yard at Sommar-Baroncourt in the Verdun-Metz area this morning Longuyon north of Verdun, and Thiaucourt were attacked Wednesday.

Several bursts were observed in the central and southern parts of the yard at Sommar-Baroncourt and the installations there are believed to have been wiped out.

Three direct hits were made on the track in front of the station at Longuyon, and 23 bombs fell on surrounding warehouses. Certain military objectives were bombed at Thiaucourt.

## ARMY CASUALTIES

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 16.—The first section of the army casualty list today shows:  
Killed in action ..... 18  
Wounded severely ..... 25

Total ..... 43  
Corporal Frederick Dixon, Cattleburg, Ky., was killed in action. No Ohio names were in the first section.

## APPEAL FOR WOMEN TO HELP ON FARM

New York, Aug. 16.—An appeal "to women of leisure" of New York state to save the harvest by volunteering for farm work at good pay was made here today by the industrial commission of the state department of labor.

The appeal says that several hundred women between the ages of 18 and 35 are needed this week.

## WOULD INCREASE COAL PRODUCTION

(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 16.—The fuel administration announced today the appointment of 28 production managers—one for each of the coal-producing districts of the country. Each manager will have charge of the campaign for increased production in his district, and to him the production committees being formed at the majority of the bituminous mines will report. Each production committee will consist of six members—three representing the mine-management, and three representing the workers.

## EACH DOMINION TO BE REPRESENTED FORMS NUCLEUS FOR LEAGUE OF NATIONS

(ASSOCIATED PRESS TELEGRAM)  
London, Aug. 16.—Lord Robert Cecil, under secretary of state for foreign affairs, speaking last night at a government dinner in celebration of the fourth anniversary of the establishment of the international commission on reconstituting, said he believed the commission formed the nucleus of a league of nations.

He said he would not venture to speak of all the United States has done and is doing in the matter of supplies, but he was satisfied they had thrown their whole heart and soul into the contest.

R. B. Stevens of the United States Shipping Board, on behalf of the United States, assured the diners that enough shipping would be available to win the war. He paid tribute to Italy's splendid victory over the Austrians.

## DECORATED WITH THE ITALIAN WAR CROSS

(ASSOCIATED PRESS TELEGRAM)  
Italian Headquarters in Northern Italy, Thursday, Aug. 15.—Several members of the American Red Cross ambulance service have been decorated with the Italian war cross for excellent conduct on Mont Grappa early in June. The men decorated were: Captain W. R. Bates of Cambridge, Mass., John Cloud of St. Louis, Jos. Widner of New York, and James Baker of Minneapolis.

## BELIEVE GERMANS ABOUT TO ABANDON THEIR OFFENSIVE

(ASSOCIATED PRESS TELEGRAM)  
London, Thursday, Aug. 15.—The withdrawals on the western front by the Germans in the past few days, it is believed here, indicate that the enemy intends to abandon the offensive. It is said to be doubtful whether he will be able to resume the offensive since 35 divisions now are necessary between the Oise and the Aisne, of which fifteen are from the reserves. There are now only 16 fresh enemy divisions in reserve on the entire western front and only 11 of these belong to the army of Crown Prince Rupprecht of Bavaria.

Military observers say that there is every indication the Germans intend to stand on their present line. There is a possibility however, that they may fall back to the Divette, a small tributary of the Oise and which joins it south of Noyon. The French now hold all the high ground in that region.

It is said that the British are so close to Chaumes that the enemy cannot use the town. Almost all the rail communications in the Peronne region have been rendered useless by the allies.

## GERMANY ACKNOWLEDGES THAT HER MAN-POWER IS FAST DWINDLING

(ASSOCIATED PRESS TELEGRAM)  
With the British Army in France, Thursday, Aug. 15.—Germany has acknowledged that her man-power, once so freely wasted, now is dwindling in proportions great enough apparently to cause considerable anxiety to the high command. The toll taken, particularly in recent fighting by the allied armies and the prospect of being confronted by ever-growing American forces, has caused General Ludendorff to issue most imperative orders for a vigorous, immediate comb-out in the German army in order to recover from auxiliary units all men capable of entering the trenches.

In the comb-out, says the order issued by General Ludendorff, first consideration will be given to men over 43 who have served in the front line longer than six months. He announces that commissions have been appointed to investigate the entire situation, including men of every rank. All men available for the infantry must be sent to depots in Belgium, the special purpose of he high command being to get more infantry reserves.

Appended to the order are special instructions to Field Marshal von Mackensen and General von Scholtz to make "a greater demand upon the local personnel." Instead of using Germans in the auxiliary services as reinforcements.

## DISMEMBERED BODY OF WOMAN FOUND IN WEIGHTED SACK

(ASSOCIATED PRESS TELEGRAM)  
Woolster, O., Aug. 16.—James Martin, care-taker of the Point Breeze Chautauque grounds at Smithville, near here, yesterday found the lower half of a woman's body in a weighted sack in a water-hole near the grounds, according to word received today by Sheriff Miller of Wayne county. The legs of the body had been sawed in two at the knees and indications were that the body had been in the water several weeks.

When discovered by Martin the sack containing the dismembered part was floating on top of the water after having rotted away from the weights. A woman's hat was found in the sack.

Sheriff Miller left for Smithville this afternoon to drag the water hole in an effort to find the other half of the body.

## HELD IN VICE LIKE GRIP BY THE FRENCH WHILE STUBBORN RESISTANCE OF HUNS IS BEING CRUSHED AS OPPONENTS ADVANCE.

IMPORTANT ROADS LEAD OUT FROM TOWN, WHICH,  
IF TAKEN, MEANS RECTIFICATION OF ENEMY'S LINES

Germans Cling Desperately to Range of Hills East of Ribecourt and Are Also Stubbornly Defending the Lassigny-Oise Canal, Loss of Which Would Mean the Evacuation of Noyon—British Lines Have Advanced Northwest of Roye, While the French Have Done Likewise West and Southwest on a Front of a Mile and a Half.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Aug. 16.—1 p. m.—Roye is held in a vise-like grip by the French. Stubborn resistance by the Germans is being crushed. The French are slowly encircling the town.

The French advance at Villers-Les-Roye makes the fall of Roye inevitable, it is believed by military men. Possession of the town by French troops would make necessary a rectification of the German lines and retreat to the Nesle-Noyon would be probable.

The Germans are clinging desperately to a range of hills east of Ribecourt. They are also stubbornly defending the Lassigny-Oise canal, the loss of which would entail the evacuation of Noyon.

## INCREASED ACTIVITY SHOWN BY THE GERMAN ARTILLERY

(ASSOCIATED PRESS TELEGRAM)  
London, Aug. 16.—South of Albert the British have advanced their line slightly in the region northeast of Morlaucourt, says the official statement today from Field Marshal Haig.

On the eastern bank of the Aisne local fighting took place last night on the outskirts of Thiepval wood, west of Thiepval.

Further to the north progress has been made by the British who have pushed their patrols eastward on the three-mile front between Beaumont-sur-Aisne and Puisieux-Au-Mont. The text of the statement says:

"During the night we advanced our line slightly northwest of Morlaucourt. A hostile attack upon one of our posts in this vicinity was repulsed after sharp fighting. Local fighting took place on the northeastern outskirts of Thiepval wood, where our patrols have crossed to the left bank of the Aisne. Further north, our patrols progressed between Beaumont-sur-Aisne and Puisieux-Au-Mont."

## FRENCH TROOPS MAKE AN IMPORTANT ADVANCE

(ASSOCIATED PRESS TELEGRAM)  
Paris, Aug. 16.—The French troops have made an important advance on a front of 2 1/2 miles, west of Roye, according to the war office statement today.

The French progress was in the region of Villers-Les-Roye, about 2 1/2 miles west of Roye, St. Aun and Armancourt. In Champagne the French took prisoners and also checked a German raid. The statement reads:

"On the Aisne front French troops have made progress in the region of Villers-Les-Roye and St. Aun. East of Armancourt, our troops have occupied the old first line."

"In Champagne we took prisoners in the sectors of Perthes-Les-Hurlus and repulsed an enemy raid east of Maisons-Champagne. Elsewhere on the front there was no activity."

## CANADIANS CAPTURE GUNS AND PRISONERS

(ASSOCIATED PRESS TELEGRAM)  
With the Canadian Forces in France, Thursday, Aug. 15.—(By the Canadian Press)—The Canadians captured the village of Parvillers today in a smart operation which enabled them to straighten out their line in that sector of the front. A number of machine guns and prisoners were taken. The latest report was that our troops were holding the village. Reinforcements went there in support against the strong post the enemy had in the vicinity.

Enemy artillery activity indicates a stiffening of resistance. Hostile aircraft have been considerably strengthened on the whole of this Aisne-Montdidier front.

## AIRPLANE FELL UPON TRAM CAR FOUR WERE KILLED

(ASSOCIATED PRESS TELEGRAM)  
Marseilles, France, Aug. 16.—An airplane returning from a flight because of engine trouble today fell upon a tram car which was preparing to leave the station. Four persons in the car were killed and several others injured. The two aviators in the machine were severely burned.

## AMUSEMENTS

### ALHAMBRA

Friday and Saturday.  
Harold Lockwood plays a dual role in "Lend Me Your Name," the Metro All-Star Series picture which will be featured on the program of the Alhambra Friday and Saturday. "Lend Me Your Name" is a farce comedy. The story begins when the Earl of Giltch is advised of the coming from Europe of his domineering wife, Sophrina, and to escape her he arranges to trade identities with his double, Warren Ellis, a second story man. The complications start with the arrival of Sophrina and are further developed when the Earl and his double meet the same girl, Rosalind, who is played by the star's leading lady, Pauline Curley. As the Earl is married and Ellis is single, the manner of each towards the girl is widely contrasted and general confusion results.

Sunday.  
Mary Miles Minter is better suited in her unique role as "The Ghost of Rosy Taylor" than in any part hitherto provided her as motion picture star. The play is a wonderful bit of drama, full of the precise sort of action that so well becomes the American-Mutual premier. Miss Minter makes the most of some really amazing chances. "The Ghost of Rosy Taylor" does not depend on longwinded plotting. It is a cohesive, clever plot and a clean, amusing story that thrills with interest in every one of its odd situations.

Monday and Tuesday.  
After viewing "Under the Yoke," the Theda Bara super-production to be the Alhambra Monday and Tuesday it is apparent that in this, as in other of its photoplays, Wm. Fox has spared no expense.

Hundreds of persons were used to reenact some of the stirring war scenes that took place in and about Manila during the early days of American occupation, and the most painstaking study was necessary to duplicate the tropical setting in which years ago American fighting men carried the flag of the United States into the far Pacific. "Under the Yoke" will be the chief attraction at the Alhambra Monday and Tuesday.

### GRAND

"A Fight for Millions."  
Wonderful riding and amazing feats of skill and daring are crowded thick and fast into the third chapter of "A Fight for Millions." Vitaphone newest adventure serial at the Grand (Joe Bonson) bests the chief outlaw (Joe Ryan) in a desperate struggle in a lonely cabin by striking him down with a lighted lamp and leaving him there. Then she rides through the dark forests to her ranch home and with the aid of her faithful Indian protector, Iron Star, rescues the hero (William Duncan) marooned on a rock in impassable rapids. Next the heroine and her friends escorted by a sergeant of the Royal Mountain police are ambushed by a superior force of outlaws and captured after a desperate battle and all are made prisoners in a stockade used by bootleggers as a whiskey station. There is a break for liberty in which the girl alone escapes and rides away to summon help. Then Iron Star cuts his way through the roof and by a wonderful leap of twelve feet clears the stockade wall only to fall as the guns of a dozen guards flash in the darkness. Every scene is a masterpiece in directing and photography not equaled even by "Fighting Trail" and "Vengeance—and the Woman."

### GEM

Saturday.  
Would the chances of inheriting a fortune, if you were a beautiful young girl, be worth a succession of adventures that hourly threatened your life and happiness?  
Would you take Juanita Hansen's place as a mail-order girl, the heroine of Universal's big new serial, "The Brass Bullet," at the Gem theatre, if you thought that you would have to do these things in order to escape the clutches of an unscrupulous uncle seeking your fortune?  
Be forced into a marriage with a man you hated—  
Leap from the deck of a yacht into a motor boat and assume command over its operator at the point of a revolver—  
Find your father dead, your house burned down and all your belongings with it in the space of two brief hours—  
Enter the bedroom of a strange young man in the dead of night with shots raining around you, and have him take you in his arms and kiss you—  
Be locked in a burning house with no means of escape—  
See it at the Gem.

**AUDITORIUM.**  
"My Four Years in Germany."  
Although "without doubt" Germany knows America through its policy of intrigue and spying, it knows little of Americans as is proven by the entire mistaken policy of Germany with a nation that strove to keep its neutrality until its patience was entirely exhausted.  
When you see in the feature photoplay production of Ambassador Gerard's "My Four Years in Germany," the representative of culture in the person of the Kaiser, and the Kaiser's son under the nose of our Ambassador with the expressed warning that "he would stand no nonsense from America after the war," you will better understand the reasons for America's present position in the world conflict.  
It will be shown at the Auditorium for two days, starting today. The showing this evening starts at 6:30 and the second will begin shortly after 8:30. Prices are placed at 11 and 15 for afternoon and 15 and 25c for evening, with showings tomorrow being continuous.

"The Unchastened Woman."  
Sunday amusement seekers at the Auditorium Sunday will see something out of the ordinary in "The Unchastened Woman," a Rialto De Luxe production, presenting Grace Valentine. This is Olive Morosini's most brilliant dramatic success by Louis K. Anspacher and was directed by William Ambrey. Frank Mills is Valentine's leading man and the support is also very good. The story tells of Caroline Kneleys, a rich and self-indulgent woman, who leaves New York to go to Switzerland, where she meets Lawrence Sanbury, a New Yorker, and a struggling artist. Sanbury's wife is a woman of high virtue who does social work in New York and supports her husband in his studios and travels. Caroline entices Sanbury in the net of her flirting, and when they return to New York is bent on continuing it.  
Hildegard, Sanbury's wife, is, of course, displeased with this new acquaintance and her growing familiarity with Sanbury, but will not interfere with her husband's happiness and his plans to succeed with Caroline's aid. On her return to New York, Sanbury is saved at the customs house by a young woman, Emily Madden, who, despite being her husband's enemy, has some of the strains of character. The country is wasted on the "unchastened woman," who is intolerant toward others' failings and when at a dinner at Sanbury's home she meets Emily Madden again, she publicly disgraces her by refusing to sit at the same table with her.

**Auditorium Notes.**  
Ben Turpin, Polly Moran, Charles Lynn, Marie Prevost and Ed Kennedy, five of Mack Sennett's most popular humor-makers, appear in "She Loves Him," the Paramount Mack Sennett comedy that comes to the Auditorium Sunday and Monday.  
George Gaubier, sweet-voiced singer, is sure to please with popular songs at the Auditorium Sunday. This is a treat for Auditorium patrons and no doubt will attract greatly.  
The Luxe Annie, Norma Talmadge's latest photoplay, is the feature to be shown at the Auditorium next week. It will be seen two days, starting Tuesday.  
Bobbie—“Managers has a cut-rate undertaker.” Slobbe—“I’m glad I know there’s something that is dead cheap.”

## LICKING COUNTY SOLDIERS' LETTERS

**SOLDIERS' LETTERS**  
Hot at Norfolk.

Editor of the Advocate: I received the beautiful Bronze Service Medal you sent me some time ago, and think it is as neat and pretty as I have seen, and I wish to thank you and the people of good old Licking county for the remembrance which I received, something that I shall always treasure and carry with me. We are having some weather down here in old Virginia 115 and 116 in the shade and no shade to find. Am getting along fine and dandy and have things real nice. I have charge and am drill Master of our Company 108 men which is no small job. We are at liberty every evening from 5 p.m. until 8 o'clock the next morning.

As I don't wish to take up so much space of your paper, will close for this time. Thanking you again for the medal. I receive the Advocate every day. I remain, Yours truly,  
Roy Brison,  
Overseas Aux. Repair Party, District Storehouse, Front street, Norfolk, Va.

**Fourth of July in France.**  
The following letter has been received by Mrs. Frank Rinehart of Bladensburg, from her son, Corporal Charles W. Rinehart, who is with Co. D, 6th Battalion, 20th Engineers stationed at Castets Landes, France, July 9, 1918.

Dear Mother and Folks at home:  
I received your most welcome letter today and sure was glad to get a letter from home. I received five letters, but the first one was yours. We all look for mail every day, but of course we do not get any. We get mail about every ten days and that sure is one of the happiest days "over here." I also received the money you sent me, and wish to thank you many times for it, as I have been short every since I lost my personal property. I am getting along fine, enjoying good health, and think that is one of the great things "over here." Yesterday was Saturday, and in the afternoon I was not on duty. I took a long walk to a village, of course there is not much to see in the small towns in France, but to make the day more cheerful, one fine Made-moiselle gave my friend and I a bunch of roses, with some other kind of flowers mixed in. I did not know what kind they were. There are a great many flowers growing in this part of France, also a lot of fig trees, which I never saw before. We had a great time here the Fourth of July. Had a parade in the morning, from nine o'clock until eleven o'clock and then took it easy until noon. In the afternoon we all went out to the base ball field, where we had all sorts of games. Many I had never seen played before, but just the same got several good hearty laughs out of it. I took part in one race called the three-legged race, with another short fellow much shorter than I. We came out third place. They tied two legs together, and they made one, so if one falls the fellow with you does the same. We also had a baseball game, which I took part in. Played second base and had the fun of getting defeated four to one. I am getting to be some ball player, almost as fast as when I played ball in my school days around Newark. In the evening we had lemonade, also a minstrel show consisting of Battalion talent, and I think every one enjoyed it show very much, as there sure was some good singing. I am going with the baseball team this afternoon. Will go about thirty miles to play a game. I like to make these trips, for often times you get to see some fellows you know. The Y. M. C. A. man was telling me that some one was ask-

ing him if he knew of a Rinehart and after asking a few questions found out it was Willis Miller from Newark. I played baseball with him there but was unable to get his address. I received the medal, which was sent to me by the people of Licking county through the Newark Advocate, and was very much surprised to get it and wish to say it sure shows the spirit of the people in the States. I am going to write to the Advocate in a few days, about the interest they have shown me, and hope to fulfill the responsibility trusted to me. This is about all the news I can think of for this time, so will close. Hope you are all well at home. Tell sis I have been writing quite often and hope she has received some of my letters by this time. Your son,  
Chas.

**Raymond Wright's Letter.**  
The following letter has been received by Mrs. W. T. Davis, 23 West North street, from her brother, Raymond Wright, who is with the 303rd Trench Mortar Battery, Somewhere in France, July 1918.

Dear Sister Lottie and Folks:  
I wonder if you have gotten any of my letters? I wrote some from England and some when I landed in France, and I am quite a ways from where I wrote the first ones here. I expect to be in the front line trenches in a few days. I am assigned to the 303rd Trench Mortar Battery. If I get a square deal I will go as an Ordnance Sergt., or Sergt. of Ord. rather but I don't know, as they had an Ord. man in my place when I arrived at the camp, which you last heard of me in the U. S. so they put me in the casual along with a number of Ordnance men that were left the same as I. Now they are sending me back to them again. Now whether they will use me as an Ordnance man or give me a rifle I don't know (ha, ha). They have been very fair so far. Well I had the gas test yesterday and was not a bit stuck on wearing them. They are Hell for sure, but we will have to make the best of it. France is a very beautiful country, especially around Paris. I was within a short distance of an air

**VIGOROUS MEN AND WOMEN ARE IN DEMAND**  
If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost. Be ambitious, be strong, be vigorous. Bring the ruddy glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes. Wendell's Ambition Pills, the great nerve tonic, are splendid for that tired feeling, nervous troubles, poor blood, headaches, neuritis, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaint. You take them with this understanding that in two days you will feel better. In a week you will feel fine, and after taking one box you will have your old-time confidence and ambition or the druggist will refund the price of the box. Be sure and get a 50-cent box today and get out of the rut. Remember T. J. Evans and dealers everywhere are authorized to guarantee them.

raid the other night. One fellow picked up a piece of exploded bomb along the line near us. There are some queer and quaint old places here. I mean offices and villages here. They are very interesting for one to see. I wish I could take French. I would get along better. They have the most beautiful gardens here and in England, too, that I ever saw. I have to acknowledge that this country has it on us for keeping things in tidy condition. They cultivate every foot of ground mostly and they have lovely flowers. They are great on building high fences of stone and cement around houses. All houses and buildings are made of concrete and stone. Well, Lottie, I will have to close for this time. How is mother? I am anxious to know. I suppose Blanche is getting along alright. Well, I don't suppose I will hear from you very often, but write as often as you can, and will try to do the same. Love to all. Your Brother Ray. Just address me, 303rd Trench Mortar Battery, American Expeditionary Force, France. P. S.—I will number all my letters and instruct them at home to do the same. Then we will know if we get all the letters written. This is No. 4. Tell all the boys to write, I do not know a soul.

**Still In U. S.**  
The following letter has been received by Mrs. John Duncan of Prospect street, from her son, Corporal Carl Duncan:

"Camp Gordon, Ga., August 8, 1918.  
"Dear Mother, Father and All—Just a few lines to let you know I am all right and still in the U. S. We are very busy now as we are getting another bunch ready to leave this camp to go across. I am not going to get to go across with this bunch either, but will have to stay here. I don't care much about

## WHY I BELIEVE IN NUXATED IRON

By Major Richard Holland Kenney  
Former U. S. Senator from Delaware and at Present Asst. Judge Advocate General in the United States Army.

"What every soldier most needs is tremendous 'stay-there' strength, power and endurance with nerves of steel and blood of iron. To help produce this result there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron. I have taken Nuxated Iron myself and prescribed it for my patients, and I can truthfully say that it exceeds any preparation I have ever used for building up delicate, nervous, run-down folks and increasing the red-blood corpuscles, thereby enriching and fortifying the blood against the ravages of disease. Contrary to general opinion, lack of iron in the blood does not necessarily mean you do not have enough blood, but it means your blood is not of the right kind."

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Numbers of nervous, run-down people who were ailing all the while have increased their strength and endurance in two weeks' time while taking iron in the proper form. And this after they had in some cases been going on for months without getting benefits from anything.

In commenting upon Major Kenney's statement, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital, (Outdoor Dept.) New York and the Westchester County Hospital, says:

**Robinson Crusoe's Will.**  
The "last will" of Alexander Selkirk, the original of Robinson Crusoe, was sold at auction in London for \$300. The will begins: "Being now bound out on a voyage to sea, and calling to mind the perils and dangers of this transitory life—"

There is a time for all things, and we believe that the young man should select twilight, after he has put in fourteen hours hoeing the crops, for writing love songs and war poetry.—Houston Post.

## THOUGHT BURGLARS WERE AFTER THEM

The police department had two burglar calls last night which deteriorated into women being frightened. The first came from the Federman home in Hudson avenue. Two young women were alone in the house and after one of the men relatives came home and the young woman thinking it was a burglar ran out the front way. When the police arrived the young man asked what the noise was about and the explanation followed.

Later they were called to Arch street where two women thought they heard some one trying to break into the house. No one was found about the premises.

At Our Best.

There are some men and some women in whose company we are always at our best. While with them we cannot think mean thoughts or speak ungenerous words. Their mere presence is elevation, purification, sanctity. All the best stops in our nature are drawn out by their intercourse, and we find a music in our souls that was never there before.

## TWO NEWARK GIRLS ENLIST TODAY AS NURSES

Two more names were added today to the list of young women who are offering their services to their country in response to the call made for 25,000 reserve student nurses. Those enlisting today were Miss Ina Guello and Miss Ollie Mason.

Miss Guello is the daughter of Mrs. E. F. Saure of West Church street, and was graduated from the Barborton high school, and took a course of salesmanship and efficiency at Akron. She was employed in the office of the Aver-Loeb company at Mr. Vernon, and has been located in the local offices of the company.

Miss Mason is the daughter of Mrs. Joseph Mason of R. D. No. 4, Newark. She was graduated from the Hanover high school and has taught for five years in the Hazelwood building, Madison township.

The interest in the enlistment continues and anyone desiring further information may obtain it from Mrs. Bazler chairman of the Red Cross division, or Mrs. E. T. Johnson of the council of defense. Literature and blanks may be obtained from them.

"Please omit flowers" is good advice for the people who are in the habit of throwing bouquets at themselves.

## PROVED CRAWLER DURABILITY

Correct mechanical principles and the knowledge of the proper materials and methods of using them make the crawler shoes of the Bates Steel Shoe of great durability. Such is the result of 8 years of experience with thousands of tractors in the field. Just as important as the heavy duty crawler shoe is the modern, the hardened cut steel transmission gears, the Timken roller bearings and the dustproof working parts.

## GRANVILLE

(Special to the Advocate.)  
Granville, Aug. 15.—The A. F. W. W. has made a splendid report of the work done during the very hot days of the past week. Lack of space makes it impossible to publish the list of articles made, suffice to say that it is a most creditable report and much praise is due the women who put their "shoulders to the wheel" at this most trying time.

Miss Martha Tannehill is in charge of the public library during Mrs. Chamberlain's absence. A large donation of books by Prof. and Mrs. Frank Harvey has been added to our shelves, also two by Prof. C. L. Williams, three by Corrie Howland, one by Grace Chamberlain, one by Mrs. M. C. A. W. These gifts are greatly appreciated.

Rev. J. E. Conant and family, who have resided in Granville for several years, will be in the city in a few days. The household goods are ready for shipment, a good many of which will be sold at a low price. Those present in town of good second-hand articles such as stoves, refrigerators, stoves, etc., will do well to call on their home at West Elm street, one door west of Rev. Mr. Harford's.

Prof. August Odebrecht has gone to Columbus for a week's visit with his parents.

Rev. Norman B. Henderson of Chicago, at present military pastor at Camp Sherman, will preach at the First Baptist church in the morning. Subject, "The Patriotic and Necessary Factor in Modern Civilization." Mr. Henderson will preach in the evening at the union service at the Methodist church, subject, "Christ in the Camp."

Mrs. Fred H. Holden, who is the guest of her parents, Dr. and Mrs. Thompson of West Broadway, spent the day in Columbus visiting friends. Mr. Holden will be here in a few days to return to her home in New York in a few days.

The annual W. C. T. U. picnic will be held at the home of Mrs. Thos. Hayes, southwest of town on August 23. The ladies wishing to go will please notify Mrs. John McLean by telephone or otherwise so that conveyances may be provided for all. Be ready at 2 o'clock in front of the Methodist church on Friday afternoon, August 23. Don't forget the date.

Misses Grace and Frances Chamberlain are again on their vacations. Miss Grace is visiting in Cleveland and at Geneva on the Lake.

A farewell uncheon in honor of Charles Wesley Bell was held at Buckeye Lake Wednesday evening, prior to his departure Thursday morning for service with the United States Army. Besides the parents, Mr. and Mrs. B. C. Bell and daughter, Miss Harriet, were Dr. and Mrs. K. L. Hall and family, Dr. Ray Bell and family, Mr. and Mrs. W. D. Kinney and family, (except the son over there), Miss Naomi Bell and Miss Davidson of Princeton, Ind., Miss D. P. Bell, and Mrs. John Smith.

With the honored guest was his supposed affianced. However it was noticed that the young man had been changed and at once accusations made and no denials, but the truth came out. Charles W. Bell and Miss Leah Orr had been united in marriage twenty-four hours before by the grandfather of the bride, Rev. J. M. Lamp. Farewell was said as Mr. Bell departed on his wedding tour through Europe and home via Berlin.

**RACING AT PHILADELPHIA ON GRAND CIRCUIT TRACK.**  
(Associated Press Telegram)  
Philadelphia, Aug. 16.—The free-for-all trot with four starters, three of which are world's champions, featured the Grand Circuit card at Belmont track today, the final day of the meeting. The entries were: St. Frisco, 2:14; La Princesse, 2:02; Miss Reeper, 2:14.

The program also included the pacing division of the Matron Stake and the 2:24 class trot.

## NO ONE ALLOWED ON PIERS WHEN BOYS GO OVER

(Associated Press Telegram)  
Camp Sherman, Chillicothe, Aug. 16.—Major General Harry C. Hale yesterday gave out orders that no members of families or friends of soldiers who are sailing for overseas will be allowed at the piers or thereabouts on the day of sailing. Should any be found there they will be ordered away. Such action on the part of soldiers' family or friends may cause him serious trouble.

General Hale also gave instructions yesterday to all soldiers here regarding the sending of letters to members of the American Expeditionary Force. The commandant said that under no circumstances should mail be addressed to the address of the soldier when it is not known whether the soldier has embarked. Telegrams written to men overseas must be written either in English or French, the general said.

Bennie Kauff, formerly with the New York Giants, who is now a corporal in the 158th depot brigade, left here yesterday to join his former teammates in Cincinnati. He has obtained an 18-day furlough in order that he may complete the season with the Giants.

Governor Albert Sleeper of Michigan and members of his family, who are on their way to Camp Sherman today inspecting the community group. Governor Sleeper and his family were welcomed by Y. M. C. A. men.

## THE MARKETS

Wall Street.  
(Associated Press Telegram)

New York, Aug. 16.—A sale of Liberty bonds, the year's new high record of 17,100 was the feature of the early trading on the stock exchange today. Leading stocks were firm, but other active shares were held steady.

The market drifted idly after the first hour, developing a general trend. United States Steel was again irregular, cancelling its large fractional rise of the opening, but other active shares held steady.

Liberty 3 1/2% made yet another maximum for the year at 100 1/2. The closing was firm. Liberty 3 1/2% established a new high record for the year at 100 1/2.

Speculative stocks dominated today's market at an extreme gain of 1 to 3 points. Sales approximated 200,000 shares.

**Chicago Grain and Provisions.**  
(Associated Press Telegram)  
Chicago, Aug. 16.—Bullish sentiment continued upmost in the corn market, largely owing to unfavorable crop reports. Opening prices, which ranged from 1/2 to 3/4 higher, closed at 1 1/2 to 1 3/4, followed by slight additional gains.

Oats hardened with corn. After opening at 1/2 to 3/4 higher, the market scored a little further advance. Provisions, including beef, declined, but not withstanding firmness of quotations on hogs.

## NEWARK MAN WIRES FOR REFERENCES AND LAMENTATIONS HASTY ACTION

Mr. and Mrs. Charles E. Federman of the Boston store, left Wednesday evening for an automobile tour of the east, their stopping point to be Cleveland.

Rotarian friends of Mr. Federman received an urgent appeal yesterday to forward recommendations at once to Bedford, O., where the Newark man had been trying out the splendid roads and an official constable had detained him as a speed fiend. The genial Boston store manager produced his membership card in the Newark Auto club, his Elk card, Rotarian card and various other credentials but all to no avail and so he telegraphed home. Affidavits were rushed back by friends that the Federman car couldn't possibly make over twenty miles an hour and upon receipt of same the gentleman was discharged.

Back came an answer today from Mr. Federman but instead of thanks it was one of lamentation saying: "You have taken the joy out of my whole trip. You know my car is the fastest in Licking county and that I can hit 70 any time I want to and now what will I tell my Cleveland friends when they hear the story?"

Mr. and Mrs. Federman will tour through the New England states and will combine business with pleasure by purchasing a large stock of goods for the Boston stores with which he is affiliated in Ohio, Indiana and Michigan.

## GERMANS EVACUATE VILLAGE.

London, Thursday, Aug. 15.—Further slight enemy withdrawals from the Lys salient were announced in London today. The enemy has evacuated the village of Vieux Berquin, south of Merris, and has retired between one and two miles on a front of nine miles.

## J. D. M'KISSON PAYS A TRIBUTE TO NERV-WORTH

Well-Known Pen-Line Artist Found a Royal Friend in This Famous Family Tonic.

Mr. McKisson is known all over Ohio. He has made many drawings for county histories and for other publications. He became well-known in Zanesville while making drawings for the Boone railroad enterprises. He is now draughtsman for the Steam Shovel Co., at Marion, Ohio. He is a man of the highest character. Note what he wrote a few days ago to the Nerv-Worth demonstrator at Marion:

"I now feel in duty-bound to give some expression to my appreciation of Nerv-Worth as a remedy for which it is recommended. I was a soldier in the Army of the Potomac during the Civil war, and owing to the extreme exposure and bad diet I was taken with catarrh of the stomach and bowels, which resulted in a most severe running off of mucus from the bowels which would last for several days. This was invariably followed by severe constipation, which would continue until the next attack of running off of the bowels. During the past year I have fallen off in weight about twenty-five pounds; which caused me to be so weakened that I felt quite unfit for my work. I noticed in the papers of Marion what Nerv-Worth had been doing for some of our citizens, and I resolved to give it a trial and secured a bottle of it and continued the treatment until I had taken four bottles of Nerv-Worth. I have waited now over one month after the last dose was taken to see if any trouble was relieved or if it would return after the use of the medicine was discontinued. This trouble is completely relieved and there is no symptoms of any return of it. I have gained in weight and strength, my digestion is much better, also my nervous condition is improved therefore I most heartily recommend Nerv-Worth. I am now in my 44th year and what it has done for me is worth many times what it has cost. Ever a friend of Nerv-Worth."

"J. D. McKisson."

## Be Careful in Using "Soap on Your Hair"

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for it is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

Sillicus—"Lots of our boys are getting married before they sail for France." Cyclus—"Yes I suppose a girl thinks it more patriotic to be a war widow than an old maid."

## Milady's Boudoir

**Refreshing Tip.**  
We are often caused to wonder how so many women manage to look young in hot weather. They do their own housework, take care of their children and yet have time and the inclination to attend evening affairs, even though the hot midday sun is so refreshing sleep is impossible.

When you wake in a hot morning and you observe that your eyes are closed in rather a baggy network of wrinkles, you feel a bit resentful for the little hours of the previous evening which has robbed you of your beauty sleep. Don't take the time to worry and regret what is done but go right to work and remove the causes of the wrinkles. The whole secret revolves around a very tiny and well defined hint, that of taking good care of your skin.

The best way to freshen up the face is to go into the bathroom, turn on the hot water faucet and also the cold water faucet. Dip two towels into the hot water, wring them out and hold them on your face for a few minutes. Now take two more towels and do the same only with cold water. Then use the hot towels again and finish with the cold. You will feel much refreshed and the nervous lines in your face will have disappeared. This little treatment is simple and not injurious. It is always best to plan ahead for any evening that will require an immaculate toilet and pose. Begin to dress before the time for the guests to arrive. When you have glanced for the last time in your mirror and are satisfied with the image that smiles back at you then sit quietly by a window and gain control of your thoughts. Think of the pleasant evening before you and you will be surprised at the easy grace with which you will receive your visitors.

## LICKING

Rees, Sperry and family spent Saturday night and Sunday at the J. R. Black home. James Stocumb left Tuesday for Baltimore, Md. to visit her aunt Mrs. Charles Burner and family. She was accompanied by Miss Lillian Palmer of Pataskala.

Miss Fay Hand and Miss Mida Dickerson and children of Newark spent a few days last week at the home of their aunt, Mrs. Charles Tuffner. Rev. J. O. Newton of Tiffin and former pastor of the church, preached here last Sunday morning. We are glad to note the improvement in the condition of Mrs. J. C. Ford, who was operated on at Grand Hospital last week. She will probably be able to return to her home the latter part of the week. Mrs. M. A. Orr ate Sunday dinner with her sister at the latter's home. Rev. J. O. Newton and family, Mr.

## EPSOM SALTS DELICIOUS NOW

Old, nasty metallic taste gone  
and you think you are  
drinking lemonade

Instead of asking for the common Epsom Salts, ask for Epsomade Salts hereafter. You will get a big package for only 15 cents. Epsomade Salts looks and acts exactly like Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent lemonade-like drink for the liver and bowels.

Take a tablespoonful of this delicious Salts in a glass of cold water when you feel bilious, sick, headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsomade Salts will replace the old Epsom Salts, Rochelle Salts, Sodium-Phosphate and Cathartic Pills in every home, say local druggists.

Shorman Rees and family ate Sunday dinner at the J. R. Black home and attended the Assembly at Granville Sunday evening.

Word from Bruce Lammie of Atlanta, Ga. says he was utterly prostrated with the heat and was unconscious for a time last week, but is now himself again.

Miss Jessie Brown and daughter Bernice spent Saturday night and Sunday at the Foster home near this place.

## Every Day Etiquette

"When invited to a church wedding, should my husband and I call upon the bride and groom? We have never met them and only know the parents of the bride slightly." was the worry of Mrs. A. J. Jones.

If no at home cards were enclosed you do not have to make a call, but if the bride lives in your neighborhood it would be courteous to do so," replied her society friend.

## Our Boys and Girls

Mother's milk is composed of 87 parts water and 13 parts of solids, these solids being fat, sugar, protein and salts. All these are essential to the proper nourishment of the child. The fat is needed to build up the fatty tissues of the body and to produce body heat and energy. The sugar serves similar purposes. The proteins are very important in building up the cells that compose the blood, the muscles and all of the tissues of the body. The salts are needed chiefly for the bones and the blood while the water holds the food in a condition of solution so it may be digested and assimilated.

Now, although it is quite possible to modify cow's milk in such a way that it is composed of fat, sugar, protein and water are not widely different from those in human milk, the latter has other qualities which cannot be reproduced by any imitation no matter how cunningly devised.

## ST. LOUISVILLE, R. D. 2.

Ida Fisk and W. H. Maharg were St. Louisville callers Monday evening. Mrs. Charles Palmer took supper Tuesday evening with Mrs. McDowell and attended church at the latter's home.

Miss Emma Malton and Miss Daisy Coffman spent Wednesday and Thursday with their aunt Mrs. Ella West.

Miss Alice Sterrett and daughter Clara were St. Louisville callers last Thursday evening.

Mr. and Mrs. George Avery spent Monday night in Newark attending the sale at the home of the former's aunt Mrs. Stewart in Thornville.

Mr. and Mrs. George Maharg took dinner Saturday with the latter's sister, Mrs. Ella Westbrook of Riley, N. Y.

Guy Holter and family spent Sunday with his mother, Mrs. Mary Holter of Vanatta.

Mrs. Mary Chiver and son Joe and granddaughter Mildred and Neta Hutton spent Sunday at the former's home.

Mr. and Mrs. W. H. Maharg and Ida Fisk were Newark callers Saturday evening.

## Far From the City's Withering Heat

—and Eagle Brand awaits you

A chip of the old block, this brown little scamp—vigorous and lusty, brimming with life. Eagle Brand gave him a good start, just as it gave his father a good start 30 years before.

Many poor little babes never go away through the hot spells. Mother learns strange milk in a strange place may carry hot-weather troubles. Feed your baby Eagle Brand and be safe. Seashore or country

or stay-in-the-city, Eagle Brand is always uniform.

If Nature's own food is insufficient, use Eagle Brand—pure, wholesome and easily digested. It is prepared from rich cow's milk and has been the standard infant food for over 60 years.

Economical, too. At better groceries and drug stores.

Cowley, Mrs. James Armentrout, Mrs. W. Glenn, Mrs. Gutridge and Mrs. W. L. Bell.

**Evolution of the Table.**  
Oak was the wood first used in tables then walnut came into general use in the middle of the seventeenth century. An early form of table was the chair table, convenient because it served the purpose of a seat when the top was lifted and stood against the side of the room. But gradually the table took its present form and use. It became the custom to leave the board upon the trestle instead of removing both, and in time the piece of furniture was called the table as we know it today.

**Gleaners Long Recognized.**  
When Ruth gleaned in the fields of Boaz well-to-do farmers allowed the poor to keep the grain they could pick up after the harvesters had gathered the crop. The fact that gleaners were institutional shows that it was in a measure profitable. Ruth was a charming young widow. Boaz was susceptible, as any unattached farmer would be in the circumstances. He ordered his men to leave abundance for the gleaner. The bread he cast upon the waters returned to him when he married the object of his generosity.

**PECULIAR ACCIDENT IN REPAIRING TIRE**

Arthur Steely, an employee of the Newark Auto Tire and Repair Shop, was very painfully injured last night when he suffered a broken leg as the result of an accident. Steely had just changed a tire for a tourist who was passing through the city and was pumping the tire up, when the rim flew off, striking him in the leg and breaking that member. He is resting very comfortably today, however.

**EVANGELIST BROMLEY ADDRESSED MEETING AT BAPTIST CHURCH**

A large congregation from the various churches of the city assembled at the First Baptist church last night to extend welcome to Evangelist Bromley, who recently conducted meetings here.  
The meeting was presided over by Rev. A. B. Cox and Rev. Mr. Crowley, and the event proved a felicitous meeting for Mr. Bromley.  
He delivered the address of the evening and commented on the warm feeling of friendship he held for Newark, and that he was glad of the opportunity to renew acquaintance here. Mr. Bromley returned to Camp Sycar, Mt. Vernon, today, where he is holding meetings.  
A collection was taken last night, but Mr. Bromley requested it be devoted to war work, so about \$20 will be turned over to the war chest.

# Saturday Will Be A Great Day In The Fur Department

With our entire new line of Fall and Winter Furs on display. Today was our opening day for Furs and the interest in furs shows that the ladies realize the importance of selecting their furs early this year. There is a special price on all furs in this August introductory sale. The early furs are made from the selected skins and the texture is closer and even than the skins used later in the season. The long cold winter of last year has made beautiful pelts that have been worked up into the most artistic furs we have ever shown. Come in Saturday.

## The Complete Coat And Suit Stock

For the coming season has also been placed on sale for Saturday. We have arranged this early showing for our customers' protection, for the buyers of the country have been selecting their lines months in advance for this winter. Take an hour Saturday and you will be surprised.

## The Summer Dresses at \$2.00 \$4, \$6.00 and \$7.50

Includes both the all white and colored dresses that are reduced for our August Sale. Fancy Voiles—Florals—Plain Lavenders—Rose—Grey and Blue fabrics made into the most beautiful street dresses at these low prices.

## If You Want A Good Wool Suit For \$10.00 to \$20.00

You must get one of our reduced price suits in this sale. They won't cost you half what a wool suit will bring in a regular way. We have Dark Blues—Greys—Purples and all the best colors in these medium weight suits, that are all wool and will give you the best of satisfaction for two years' wear.

## Also Some Wool Coats \$7.00 and \$9.00

In misses' and ladies' sizes. For general wear or school purposes you can not get a better kind of a coat. Solid Colors—Black and White Checks—Wool Flannels—Fancy Plaids. Usually just one of a kind left. We are featuring them for Fall wear, and the woman who doesn't get one of these will look in vain for low priced coats later. Come in Saturday.

## WEEK'S STAMP SALE IS OVER \$52,000; TOTAL \$841,667

This week's cash sale of War Savings Stamps is \$52,478 with five village banks to report. This makes the total cash sales to August 15, \$841,667. Reports of this week's business still to come will probably bring the total close to \$850,000.

All of the Newark pledge-cards taken in last week's W. S. S. campaign by the War Work Organization have been distributed among the banks and letter-carriers for collection. The early cards will be distributed early next week as soon as the classification is finished.

The names of George Stamas, proprietor of the Busy Bee, in the Arcade; John D. Mazey, Mrs. Wayne Collier, Thos. P. Edman, R. D., Utica; Watson P. Evans, 49 South Morris street, were added to the Licking County Thousand-Dollar War Savings society today, bringing the total membership up to 629.

F. R. Loyd, Washington township chairman of the War Work Organization, sent to the war savings committee this morning, 157 pledge-cards, representing a total subscription, maturity value, of \$17,925. The same mail brought a report of cash sales of War Savings stamps this week at the Utica First National bank of \$4459, making the total cash sales at that bank of \$28,056.75. Thos. P. Edman, Utica R. D., has joined the Licking County Thousand-Dollar W. S. S. society.

## PLAYED OUT LAWYER LOOKS LIKE NEW

All His Friends Pleased  
For a long time he kept the secret of the wonderful change in his health and recovery from nervous breakdown, but at last because of the help it might be to his friends he thought it only fair to tell them, and now they are all like him, have "come back" and feel like doing things.

He took Phosphated Iron and it took hold of him immediately, he says he felt better "right off the reel" and you never saw a more thankful and pleased man, he cannot say enough in praise of Phosphated Iron. He says it seemed as if his whole system just craved the Iron, it was absorbed so quickly, the color came back to his cheeks, his step had that old time boy swing and spring, while as for his nerves, the Phosphates got right to work, cleared up the cobwebs and befuddled brain, so he could think better and act quicker, his judgment was right again, he had decided that he lacked for years, no wonder he is a pleased booster of Phosphated Iron.

Mr. Professional Man or Woman, Mr. Office Man or Bill Clerk or Stenographer who is all in and feels that he is not sick and he is not well, but who knows he is not right. Phosphated Iron is just what you need, it will tide you over, put you right, you will feel "on the job" and work will be a pleasure. To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules, only, do not take pills or tablets. Insist on capsules.

**WEEKLY HEALTH REPORT.**  
(ASSOCIATED PRESS TELEGRAM)  
Washington, Aug. 16.—There was a slight increase in the number of cases of pneumonia among the troops in the United States during the seven-day period ending August 9, the weekly health report issued today shows. Admission, and non-effective rates generally in all camps increased slightly, but deaths from disease still were at the rate of 3.15 per thousand.

**FIRE DESTROYS MILLS.**  
(ASSOCIATED PRESS TELEGRAM)  
Stoughton, Mass., Aug. 16.—Fire today destroyed three mills of the French & Ward Woolen company, engaged on government work, and a large stock of cloth for army uniforms. The loss was estimated at \$400,000.

## I NEVER MISS A SINGLE MEAL NOW

Newark Man Expresses Regret That He Did Not Know of Tanlac Long Ago.

The record Tanlac is making throughout the country is most sensational. Both men and women clamor for an opportunity to extend the usefulness of the Master-Medicine. Homer Trannell, living at 109 Jackson street, Newark, is one of them. He continues as follows: "I was in a run-down condition for a long time. I didn't sleep good and hadn't any appetite. The least little exertion tired me out. I had dull headaches, my back hurt me and I was awfully nervous, too. I lost interest in everything, too, and could not see the bright side of life. Tanlac helped me wonderfully. I'm like being made over. I had my appetite back in a few days, and am making up for lost time. I can say that Tanlac helped my back right away. I never lost an hour's sleep any night and wake so full of vim my work's like play now. "I am sorry I did not know of Tanlac long ago. Tanlac remedies are being introduced in Newark at Erman's Arcade Drug store. Tanlac may also be procured at the Evans Pharmacy (Wardens Hotel block, east side square, Newark), and the Hebron Drug store, Hebron, O.—(Adv.).

## PUBLIC SCHOOL NOTICE

The Newark public schools will open, Tuesday, September 3. All children coming six years of age before the first of next April may enter the opening week. They will not be received at any other time during the school year.

The law requires all girls under 16 years of age and all boys under 15 years of age to attend school regardless of the grade passed. Employers of children during the vacation weeks should be prepared to release these children coming under the school law.

Parents are requested to have their children ready to enter the first day, since starting late is a great handicap to the pupil. The compulsory attendance laws will be rigidly enforced. OREN J. BARNES, Superintendent of Schools. 8-10-16-23-30

## YOUTHS ATTAINING MAJORITY REGISTER SATURDAY, AUG. 24

The local draft board has received notice that President Wilson will soon issue a proclamation requiring all men who have become twenty-one years of age since June 5th, 1918, to register on Saturday, August 24th between 7:00 a. m. and 9:00 p. m. This registration must not be confused with the larger registration to be held after the passage of the new draft bill now before congress, as this concerns only men who have attained their twenty-first birthday since the last registration. This registration has been made necessary by the demand for Class I men. On account of the limited number of men who will be affected by this registration, arrangements will be made to hold it at the office of the local board in the court house. Licking county is expected to have about 65 men who will be included in this registration, and the City of Newark is expected to have the same number.

## STRATEGIC CITY

(Continued from Page 1.) continued to local actions. There are no signs that the heavier combats of earlier in the week are about to be resumed, although the artillery on both sides continues active.

On the line between Chaunles and Rove, where the Germans are said to have a large number of men, Canadian troops have pushed farther eastward by completing the occupation of the villages of Parvillers and Camery. These points are about two miles west of the highway and railroad running north and south through Chaunles and Rove.

Apparently the enemy has completed his withdrawal movement in the Hebuterne sector, north of Albert. Berlin announces officially that German troops were withdrawn from small salients. However, it is not yet clear how far the Germans have retired. The enemy still holds Albert, but the British are in the western outskirts.

Between the Oise and the Marne the French continue their steady pressure and have gained additional high ground west of the Oise and northwest of Ribecourt. The Germans fought hard to hold Monolith and Attiche farms but were finally driven out by General Humbert's men. The farms are east of Thiescourt wood and are on the high ground dominating the river Divette, a small tributary of the Oise.

Appointment of General von Boehn, who led the retirement from the Marne, to the command of the German group in Picardy is confirmed officially from Berlin. It is believed in London that because of the scarcity of reserves the Germans will fight on the defensive on their present line. Fifteen reserve divisions already have been thrown in between the Ancre and the Oise and the enemy is said to have only 16 fresh divisions on the entire front from the North sea to Switzerland.

Unofficial estimates in London place the allied captures since August 8 at 34,000 men and 670 guns.

## JOHNS BROTHERS BOTH INJURED IN BATTLE WITH HUNS

In Letter Sent Home Harry Johns  
Enclosed Money He Took from  
a German Captain.

An interesting letter has been received by Mr. and Mrs. Henry P. Johns of 221 West Main street from their son Pvt. Harry P. Johns, who was in the recent big battle with the marines and who was injured. This is the first word received from him since he had been injured. The letter was written July 28, in a British Red Cross Hospital at Highfield Southampton, Eng. In it he speaks of having been told that his brother William who was fighting with him had also been injured. Mrs. Johns had not been notified of Harry's accident but had been informed that her son William was injured.

The letter follows: "I arrived in England Sunday, the 28th. This is the best sector I have hit. So far it is one (bou) place. On the 19th of July Will and I got shot with a German machine gun bullet. Will got hit in the right arm, while I stopped one in the left arm, which broke the bone. Said arm feels O. K. but I think I will be here for about two months. A marine told me about what hospital they sent him to but I wrote him a letter to the 97th Company and hope they will send it to him. If you get mail from him please send me his address for we went through Hell together (take it from me (at times at the front. From the 12th of June to the 29th we had nothing to eat but canned monkey meat and hard tack, but once, and that was when they took us back about 3 1-2 miles in the woods. This was when we were at about 800 yards from the town of where we gave the Crown Prince's cracked army hell on the night of the 23rd of June we left the front at —. They took us back about five miles to rest. We rested one day by digging our dug outs which took the biggest part of the day. On the 31st they made us move back about 2 miles and we did the same work. Then on the 1st of July we made another hike for about 4 miles to take a bath in the river. Then on July 5 we made another hike to town of about 8000. We billeted in the town to rest but no rest for the war. July 8 we left — and walked 5 miles to —. I went through a church a church that was built in 1629. We stayed in this town from July 8 to 13. Walked — miles to a camp in the woods and on the 16th we left by autos for the front. Arrived into battle at — a. m. And we gave the Boche hell (take it from me) and on the 19th of July 1918 we made a charge, drove the boch back about 3 miles. While charging on a machine gun emplacement I got shot through the left arm. I lay on the battle field for about 3 hours then started to hike and crawl on belly to the read about six miles back. I ran onto a doctor and he wrapped up my arm, then I walked about 1 mile to Headquarters. Got some monkey meat, better known as corned beef and hard tack. The first for two days. I also drank water where a horse stepped in the low lands and water came up. It was hell. By truck they took us 30 miles back to first aid stations and it was a sight. Left then at 9 o'clock on the 20th on a hospital train and rode all day and night and arrived at Royen, France, on the 21st. Was taken to a French hospital, and the arm was put in a plaster cast. Left

the French hospital the 24th at 3:50 o'clock by street car and rode 5 miles to the British hospital. Left Royen at 6:50 and went aboard the Panama Hospital ship and arrived in Southampton, England, Sunday, July 28. Give all my best and my address your loving son Harry.

Enclosed was a note to his father and some German money he said: I took this money from a German Captain, the 19th. We captured about 600. Will send a belt, buttons and a Dutch pipe later. Enclosed find a one-mark note and a five mark note. His address is Private Harry Johns, University War Hospital, Highfield, Southampton, England, Hut 4.

**MOTORSHIP IS SUNK  
OFF VIRGINIA COAST  
BY HUN SUBMARINE**

(Associated Press Telegram)  
New York, Aug. 16.—The Brazilian motorship, Madrugada, 1613 gross tons, was sunk by shell-fire by a German submarine yesterday morning near Winter Quarter shoal, 35 miles off the northern Virginia coast.

Captain Frederic House, and his crew of 21 men, told of the destruction of the vessel upon being landed today by a steamer which picked them up.

The captain and crew escaped in lifeboats and were rescued after rowing about for four hours. The Madrugada left New York two days ago carrying a cargo consigned to Santos Brazil.

According to Captain Rouse the submarine appeared at 7:30 p. m., emerging about 200 yards from his vessel and opened fire without warning, sending 11 shells into her. The crew immediately took to the boats and the ship went down within a few minutes. No attempt was made to molest the lifeboats, of which there were two, according to the captain's statement. He estimated that the undersized boat was about 400 feet long. She carried two guns—fore and aft.

**DON COSSACKS**

(Continued from Page 1.) Russia which could stop these fierce fighters of the Steppes.

The Cossacks have persistently refused to recognize the Brest-Litovsk treaty and have been implacable in their hostility to the Germans and the Bolsheviks. It was suggested by officials here that the conduct of the Cossacks is significant of the support the small interallied army and the Czech-Slovaks will receive from various factions in their efforts to aid the Russians in the re-establishment of the eastern front.

**ALLIES ARE THE REAL  
FRIENDS OF RUSSIA**

(Associated Press Telegram)  
London, Aug. 15.—The population of the Murmansk region received with joy the British force that landed there recently, according to an allied diplomat who has arrived in London from Petrograd.

"I was in Murmansk when the British troops arrived," he said, "and am quite unable to describe the pleasure that your arrival caused. Old men and women wept with tears of joy, crying: 'At last Russia will be saved!'"

"Never has the situation been so favorable as today for the presence of the allies in Russia. Many men in Petrograd who held high positions in the old Russian army say that their worst enemy is Germany. They have told me that they know now that the only real friends of Russia are the allies."

A curious coincidence comes to light in connection with the arrival of the British at Baku. The garrison consisted largely of Bolsheviks, who, with Armenians, were opposing the Turks. Thus the British, while fighting the Bolsheviks in the north, are co-operating with them in the south.

Aside from the Caspian operations there has been a movement of British troops from India to Turkestan. These passed through Baluchistan and eastern Persia, and joined forces with the Turcomans, Bokharans and local social revolutionists who are fighting the Bolsheviks.

The British are also guarding the trans-Caspian railroad to prevent the enemy from gaining access to Afghanistan and the Indian frontier.

The Soviet government, says a Russian wireless message, has issued an order that correspondents to foreign countries must not be accepted "for some time to come except for the Ukraine and Germany, localities in German occupation and for war prisoners."

## LIEUT. MILLER KILLED IN AN AERIAL BATTLE

(Associated Press Telegram)  
Paris, August 16.—Lieutenant Walter B. Miller of New York City, a former member of the La Fayette Escadrille who was transferred to the American service, was killed in an aerial combat on August 3. His patrol, consisting of eight machines, was attacked by a German squadron of 30 airplanes. He fell inside the American lines. The other member of the patrol escaped after a fierce struggle.

## BOAT ARRIVES SAFE IN PORT

(Associated Press Telegram)  
Washington, Aug. 16.—The American schooner Sibil, recently reported sunk by a German submarine, has arrived safely at Gloucester, Mass. The navy department today was informed.

The department also announced today that the remainder of the crew of the schooner Progress, one of the fishing vessels sunk off the New England coast had been reported rescued.

## RESTRICTION REMOVED

(Associated Press Telegram)  
Washington, Aug. 16.—Catholics in the army and navy are relieved from the obligation of abstaining from flesh diet on Fridays with the exception of Good Friday. It was announced today by the Bishop of the Catholic hierarchy, Patrick J. Hayes, in order to remove misunderstandings that has arisen on the subject.

## RELIGIOUS SERVICE BESIDE GRAVE OF QUENTIN ROOSEVELT

(Associated Press Telegram)  
Paris, Aug. 15.—Religious service beside the grave of Lieut. Quentin Roosevelt, near the spot where he fell to his death in an air combat last month, were held yesterday by Bishop Brent of the Protestant Episcopal church and the Rev. Charles S. MacFarland of the Methodist church of churches of Christ in America. It took place after a visit to the American front in Flanders.

Dispatches from the American front during the advance to the Vesle reported that Lieut. Roosevelt had been buried near Charnery, east of Perenardennes.

# Clothes Values That You May Never See Again

IN the face of soaring prices, we are offering a wonderful assortment of men's clothes at prices that you may never see again—prices that are ridiculously low even now, but when you look back next fall, you will wonder how we did it.

**FABRICS are scarce, and growing scarcer.** Our government's requirements come first. Linen, canvas, linings, thread—every needle's stroke in a suit of clothes costs increasingly more than a few years ago.

**BUT we anticipated present market conditions, and** nearly a year ago contracted for the fabrics for the Cornell Suits which we are now showing. With our large advance purchases, and our policy of closely marked prices, we offer values at prices equal to those of last year.

**\$15 - \$17 - \$20**
